PRINCE2® Agile

Ready for the world

## PRINCE2 and Agile: The Perfect Fit

PRINCE2 Agile equips individuals with a range of agile tools and techniques, combined with the trusted method of PRINCE2. This fusion of Agile and PRINCE2 enables project managers to deliver value earlier, respond to change better and collaborate more with customers - whilst managing stakeholder confidence and expectations. PRINCE2 Agile empowers individuals to deliver successful projects, which in turn, drives business success.

### Clear, structured, focused

Developed in response to demand from user communities, PRINCE2 Agile provides structure, governance and control when working with agile concepts, methods and techniques, such as Scrum, Kanban and Lean Startup.
